Subject: draft agenda for Exide and Argonaut meetings

What I plan to send to LeClerc and Ridenour. Dan

Hi Ray and Charlie

I wanted to check in with you guys on agenda topics for our meeting next week on Exide and Argonaut. We are scheduled to meet on Argonaut in the morning, 10-noon and on Exide in the afternoon, 1300-1500.

We can meet at Cal/EPA on I Street or at DTSC's office in Cal Center, whichever you prefer.

For agenda topics, these are the areas we would like to cover:

Exide

Overviews of the closure plan and the outside the fence-line cleanup plan (DTSC)

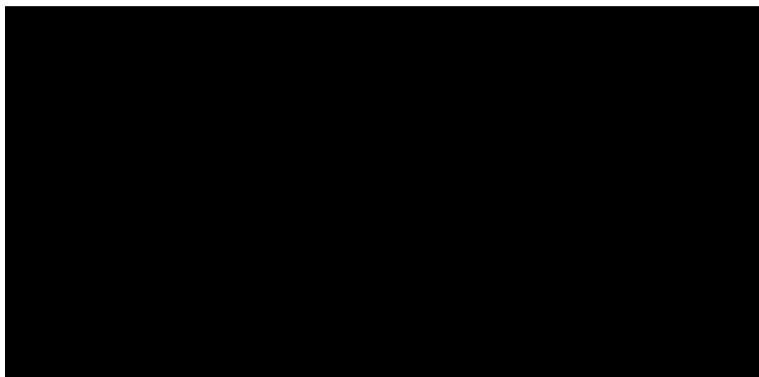

How DTSC is prioritizing among the residential parcels that require clean up (DTSC)

Interface with NEIC on lead speciation and enforcement (EPA)

Using GIS tools to manage the data (All)

Status of closure/clean up funding (DTSC)

Possibility of using Brownfields job training centers to provide training to Vernon community members (All)

We expect to have myself, Enrique Manzanilla, John Lyons, Deldi Reyes at the Exide meeting, with Tom Huetteman joining by phone. For the Argonaut meeting it will probably be myself, John Lyons and Enrique.
